

## **Responsible Minerals Sourcing Policy**

Ultra Fine Specialty Products is committed to a socially responsible supply chain, especially as it pertains to conflict minerals and compliance with Section 1502 of the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) and the Regulation (EU) 2017/821 of the European Parliament. Furthermore, Ultra Fine supports the goal of ending violence and human rights violations in the Democratic Republic of Congo, surrounding countries, and all conflict-affected and high-risk areas, which have been partially financed by the exploitation and trade of conflict minerals, including tungsten, tantalum, tin, gold, and cobalt.

In support of this objective, Ultra Fine does not purchase any materials containing tungsten, tantalum, tin, gold, or cobalt sourced from any of the “covered countries” including the Democratic Republic of the Congo, Angola, Burundi, Central African Republic, the Republic of Congo, Rwanda, South Sudan, Tanzania, Uganda, and Zambia.

To support this commitment, Ultra Fine continuously works with our supply chain to strengthen compliance and ensure that no conflict minerals are sourced from the “covered countries” for use in our products. We also work with suppliers to prevent the sourcing of any materials involved with armed rebels, terrorist groups, or serious human rights violations.
